# Curved Shaft Trimmers

## Homeowner Series

### BC260AT

26cc • 0.75 kW • 6.2 kg

Lightweight curved shaft trimmer for trimming around garden perimeters, trees and flower beds. Ergonomic SP0015 loop handle for easy angular trimming. Supplied with SP0018 operator shoulder strap, dual-line nylon bump head and tool kit.

# Brushcutters

## Homeowner Series

### BC260T

26cc • 0.75 kW • 6.3 kg

Lightweight brushcutter for maintaining garden perimeters and flowerbed edges. Ergonomic SP0015 loop handle for easy angular trimming. Supplied with SP0018 operator shoulder strap, dual-line nylon bump head, bar blade and tool kit.

### BC415T

43cc • 1.2 kW • 7.6 kg

Reliable brushcutter for maintaining domestic gardens. Ergonomic bull handles for maximum operator comfort. Supplied with SP0021 comfort harness, dual-line nylon bump head, 3-tooth blade and tool kit.

# Brushcutters

## Landowner Series

### BC520T

52cc • 2.2 kW • 7.6 kg

Robust brushcutter for maintaining large areas. Ergonomic bull handles for maximum operator comfort. Supplied with SP0021 comfort harness, dual-line nylon bump head, 3-tooth blade and tool kit. With class leading power output.

### BC620T

62cc • 2.6 kW • 7.8 kg

Powerful brushcutter for maintaining large areas. Ergonomic bull handles for maximum operator comfort. Supplied with SP0021 comfort harness, dual-line nylon bump head, 3-tooth blade and tool kit. With class leading power output.

# Brushcutters

## Professional Series

### BC620T-HD

62cc • 2.6 kW • 7.9 kg

Powerful heavy duty brushcutter for garden service contractors and farmers. Ergonomic bull handles for maximum operator comfort. Supplied with SP0021 comfort harness, dual-line nylon bump head, 3-tooth blade and tool kit. Features a heavy duty 28mm drive shaft and dual air filtration system. With class leading power output.

### BC508-1

50.8cc • 1.7 kW • 8.5 kg

Heavy duty brushcutter for professional contractors and municipal applications. Advanced anti-vibration handles deliver maximum operator protection from harmful HAV levels during extended cutting periods. Supplied with SP0022 comfort harness with lower back support, dual-line nylon bump head, 8-tooth blade and tool kit. Stratified scavenging engine delivers class leading fuel consumption. Features a heavy duty 28mm drive shaft.

# Brushcutters

## Commercial Series

New **BC530K**. Available Spring 2023.

**BC530K**

**NEW!**

53.2cc • 2.0 kW • 7.9 kg

Heavy duty brushcutter for commercial grass clearing applications. Ergonomic operator bull handles for maximum operator comfort. Supplied with SP0022 comfort harness with lower back support, dual line nylon bump head, 8-tooth blade and tool kit. Stratified scavenging engine delivers class leading fuel consumption and a cleaner burning engine. Features a heavy duty 28mm drive shaft & gearbox. Powered by a durable **KAWASAKI TJ53E** 2-stroke engine with heavy duty clutch for maximum unit lifespan, reliability and performance.

Powered By  
**Kawasaki**

# Multi-Tools

## Landowner Series

### MT2600-3

52cc • 2.2 kW • 4-in-1 • Length 3.2M • 14.1 kg

Versatile multi-tool with 4-in-1 functions. The perfect solution for landowners with multiple property maintenance needs. Supplied with SP0019 double harness, dual-line nylon bump head, 3-tooth blade and tool kit. Functions include: trimmer + brushcutter + pole saw + hedge trimmer + 1 meter extension. Maximum unit length of 3.2 meters with up to 5 meters working reach for taller operators. With class leading power output.

# Chainsaws

## Homeowner Series

### CS2500

25.4cc • 0.9 kW • 12" Bar • 4.0 kg

Lightweight top handle arborists saw for pruning and in-tree maintenance work. Compact but powerful, this saw is the perfect solution for trimming smaller branches. Standard with a 12" cutter bar. Supplied with cutter bar cover and tool kit.

### CS3800

38.2cc • 1.4 kW • 16" Bar • 5.8 kg

Lightweight saw for general tree maintenance work around the home. Compact but powerful, this saw is the perfect solution for maintaining smaller to medium sized trees. Standard with a 16" cutter bar. Supplied with cutter bar cover and tool kit.

# Chainsaws

## Landowner Series

### CS5800A

54.5cc • 2.3 kW • 18" Bar • 6.6 kg

Powerful mid-range saw for landowner maintenance work. This saw is the perfect solution for maintaining larger properties with multiple tree maintenance requirements. Standard with an 18" cutter bar. Supplied with cutter bar cover and tool kit.

### CS6150A

61.5cc • 2.85 kW • 20" Bar • 6.8 kg

Powerful upper-range saw for landowner maintenance work. This saw is the perfect solution for maintaining larger properties with multiple tree maintenance requirements. The large cutter bar allows for large trees to be cleared with ease. Standard with a 20" cutter bar. Supplied with cutter bar cover and tool kit.

# Chainsaws

## Professional Series

New **CS55H**. Available Spring 2023.

### CS598

59.8cc • 2.6 kW • 18" Bar • 7.5 kg

Powerful saw for the professional. This saw is the perfect solution for contractors looking for a rugged saw for daily use in harsh cutting conditions. Standard with an 18" cutter bar. Supplied with cutter bar cover and tool kit.

### CS55H

**NEW!**

55cc • 3.0 kW • 24" Bar • 13,500 RPM • 7.9 kg

Powerful high revving saw for the professional. This saw is the perfect solution for felling large trees. Standard with a 24" cutter bar (28" cutter bar also available on request). Supplied with cutter bar cover and tool kit.

# Hedge Trimmers

## Landowner & Professional Series

### HT230H

22.5cc • 0.65 kW • 24" Blades • 5.8 kg

Lightweight hedge trimmer for landowners with large hedges. Ergonomic 180° rotating operator handle makes angular trimming easy and neat. Supplied with blade protector and tool kit.

### HT340-1

25.4cc • 0.75 kW • 24" Blades • 6.3 kg

Powerful hedge trimmer for professional contractors and landscapers. Ergonomic 180° rotating operator handle makes angular trimming easy and neat. Supplied with blade protector and tool kit.

# Blowers

## Professional Series

### **B3405**

25.4cc • 0.75 kW • 225 km/h • 4.7 kg

Powerful handheld leaf blower for use by professional contractors, landowners, estates and municipalities. Supplied with SP0018 shoulder strap and tool kit. Advanced anti-vibration system ensures operator protection from harmful HAV levels.

# Blowers & Vacuums

## Professional Series

### **BV3405**

25.4cc • 0.75 kW • 225 km/h • 3-in-1 • 4.7 kg

Powerful handheld 3-in-1 leaf blower + vacuum + shredder for use by professional contractors, landowners, estates and municipalities. Supplied with SP0018 shoulder strap, vacuum pipes, 40 liter collector bag and tool kit. Advanced anti-vibration system ensures operator protection from harmful HAV levels.

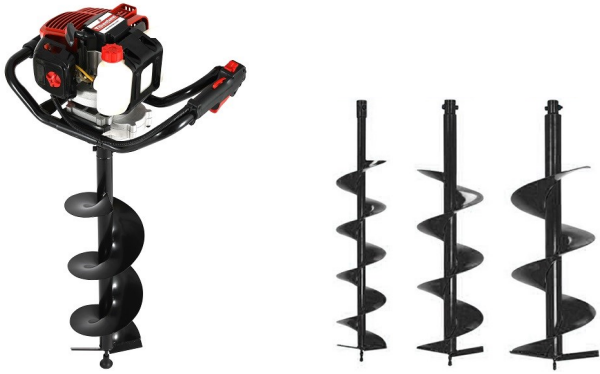

# Earth Augers

## Landowner Series

### GD620T-3

62cc • 2.6 kW • 9.0 kg

Powerful heavy duty one man earth auger for landowners. The perfect solution for drilling holes for fence lines and other ground penetrating applications. Supplied standard with 3 drill bits included ( $\varnothing$  10cm + 15cm + 20cm) and tool kit. Other drill bits and drill bit extensions are available.

# Lawnmowers

## Homeowner Series

Powered By  
**LONCIN**

### LML120P

51cm Cut • 196cc Loncin • 4-in-1 • 37.5 kg

Durable push lawnmower powered by a robust Loncin 196cc 4-stroke engine. With a large 51cm cutting width and heavy duty steel chassis, maintain large areas of lawn with ease. With multi-function 4-in-1 cutting system: side discharge + rear discharge + grass collector + mulching.

Powered By  
**LONCIN**

### LML120S

51cm Cut • 196cc Loncin • 4-in-1 • 39.5 kg

Durable self-propelled lawnmower powered by a robust Loncin 196cc 4-stroke engine. With a large 51cm cutting width and heavy duty steel chassis, maintain large areas of lawn with ease. With multi-function 4-in-1 cutting system: side discharge + rear discharge + grass collector + mulching.

# Lawnmowers

## Landowner Series

### LMB120P

51cm Cut • 161cc B&S • 4-in-1 • 37.5 kg

Heavy duty push lawnmower powered by a reliable Briggs & Stratton 750PXi 161cc 4-stroke engine. With a large 51cm cutting width and heavy duty steel chassis, maintain large areas of lawn with ease. With multi-function 4-in-1 cutting system: side discharge + rear discharge + grass collector + mulching.

### LMB120S

51cm Cut • 161cc B&S • 4-in-1 • 39.5 kg

Heavy duty self-propelled lawnmower powered by a reliable Briggs & Stratton 750PXi 161cc 4-stroke engine. With a large 51cm cutting width and heavy duty steel chassis, maintain large areas of lawn with ease. With multi-function 4-in-1 cutting system: side discharge + rear discharge + grass collector + mulching.

## OUR GREEN INITIATIVE

Creating a cleaner, greener future.

Titantec is actively involved with communities and government departments for the maintenance and preservation of our natural environment through our GREEN INITIATIVE. From assisting with product donations, to the supply of manpower, we help keep our communities clean and green for future generations to enjoy.

# OUR GREEN INITIATIVE

Creating a cleaner, greener future.

**BECOME A GREEN PARTNER TODAY AND...**

**...HELP MAKE LIFE MORE BEAUTIFUL.**
